Stupid Song

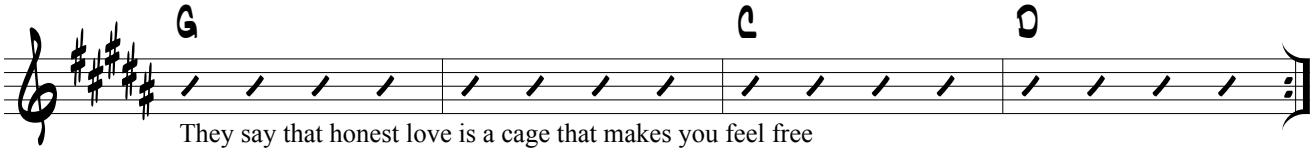

Olivia Rodrigo

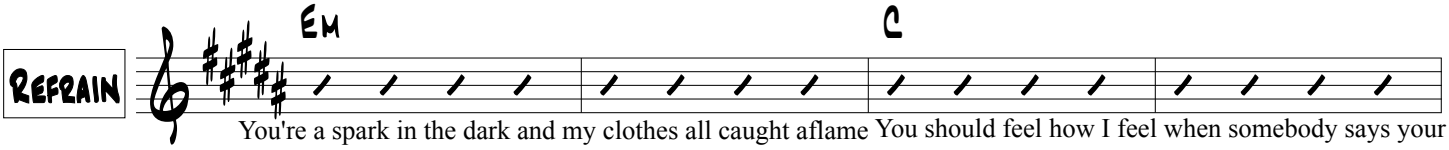

1. New York City's never looked so blue
2. And all the girls at this party are so cool

My friends are smoking blunts in the bathroom
That's never been a thing that I could do

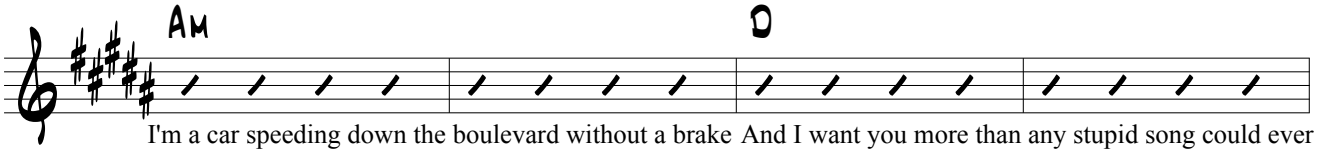

They say that honest love is a cage that makes you feel free
But I can't help but imagine what you say when you speak of me

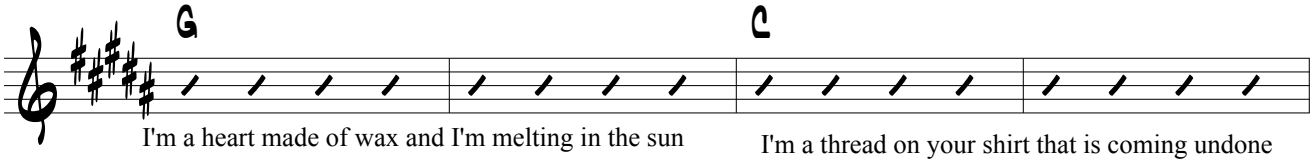

You're a spark in the dark and my clothes all caught aflame

You should feel how I feel when somebody says your name

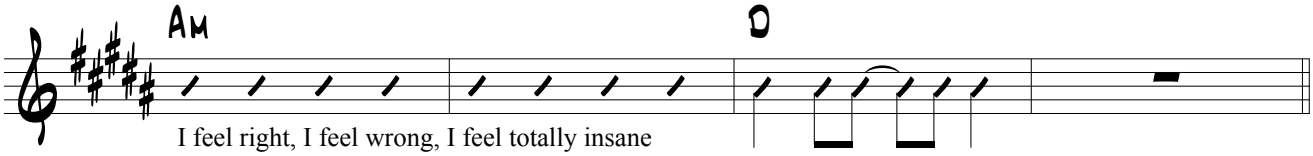

I'm a car speeding down the boulevard without a brake

And I want you more than any stupid song could ever say

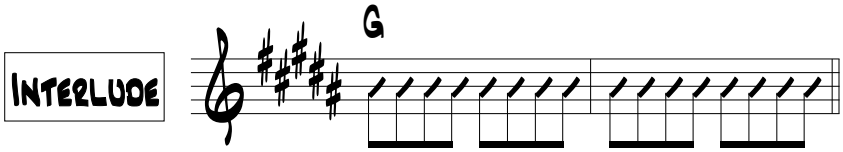

I'm a heart made of wax and I'm melting in the sun

I'm a thread on your shirt that is coming undone

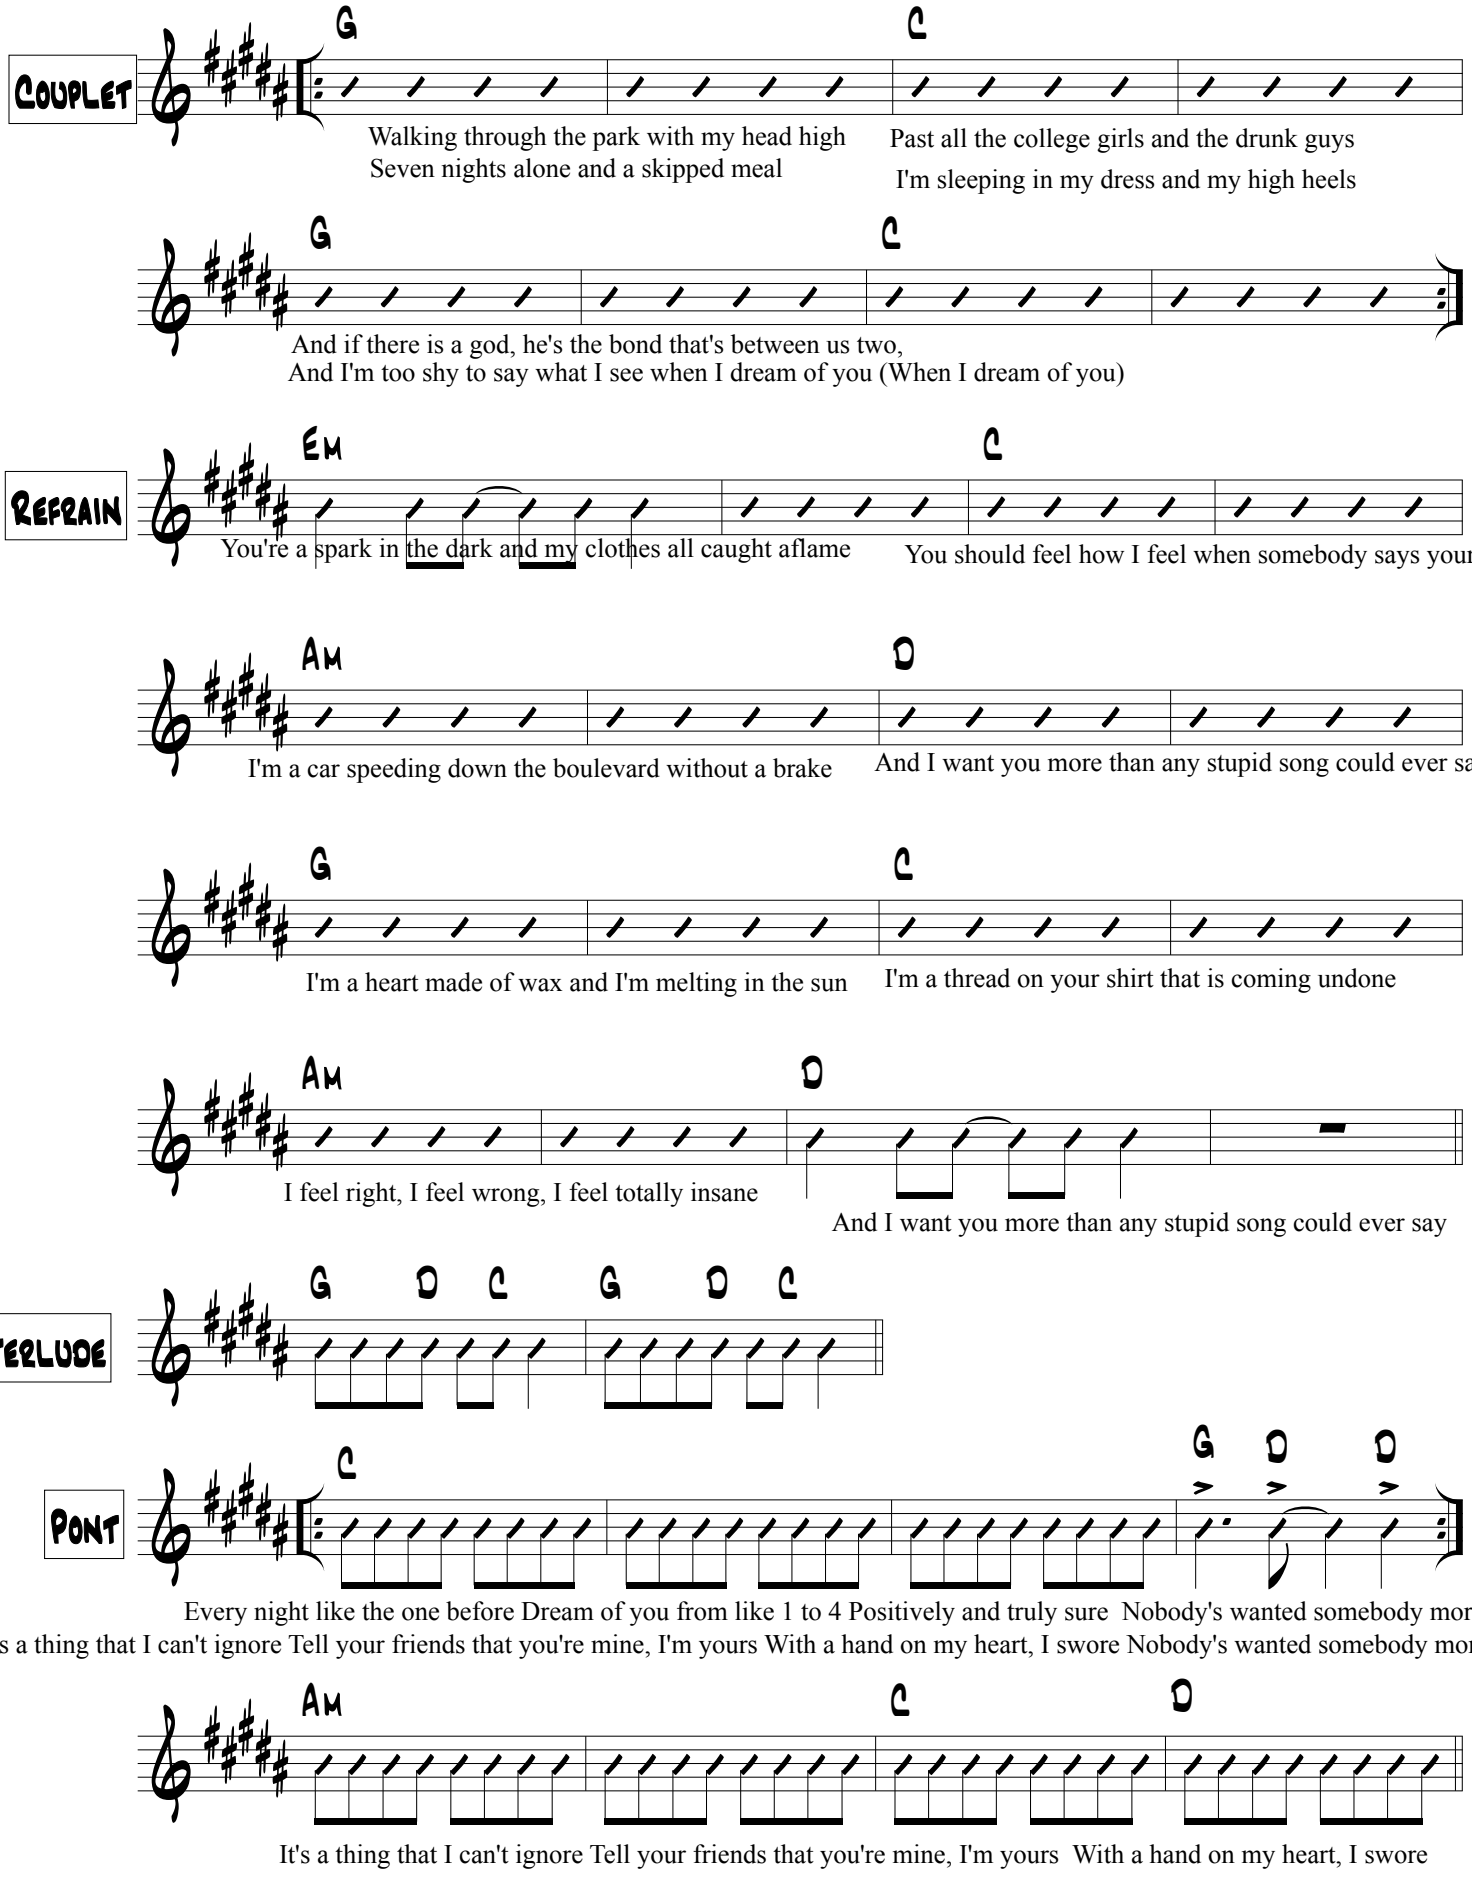

I feel right, I feel wrong, I feel totally insane

And I want you more than any stupid song could ever say

Walking through the park with my head high
Seven nights alone and a skipped meal
Past all the college girls and the drunk guys
I'm sleeping in my dress and my high heels

And if there is a god, he's the bond that's between us two,
And I'm too shy to say what I see when I dream of you (When I dream of you)
